

Sustainability Fact

Going paperless helps reduce waste, improve efficiency, and support more sustainable practice operations.

Sustainability Plan

Nationwide Healthcare Providers Ltd

At Nationwide Healthcare Providers Ltd, we recognise the importance of integrating sustainability into our operations to support the wellbeing of our patients, staff, and the environment.

Our Vision

To provide exceptional oral care while minimising our environmental impact, promoting social responsibility, and supporting the long-term wellbeing of our community.

Our Mission

To deliver high-quality dental services with a focus on sustainability, creating a healthy environment for patients, staff, and the communities we serve.

Who We Work With

Patients

Staff

Suppliers

Local Community

Our Key Focus Areas

1 Environmental Stewardship

- Improve energy efficiency
- Reduce waste and increase recycling
- Conserve water

Examples: energy-efficient lighting and equipment, paperless forms and records, water-saving devices.

2 Social Responsibility

- Educate patients on sustainable oral care
- Support staff wellbeing
- Engage positively with our community

Examples: eco-friendly product advice, staff wellness initiatives, oral health outreach.

3 Economic Viability

- Assess the financial impact of sustainability initiatives
- Identify cost-efficient, sustainable alternatives
- Improve day-to-day operational efficiency

4 Governance & Accountability

- Appoint a sustainability coordinator
- Monitor performance and progress
- Develop reporting mechanisms and annual updates

How We Measure Success

Reduction in energy consumption

Reduction in overall waste generation

Patient satisfaction with sustainable oral care education

Staff satisfaction

Community impact from engagement initiatives

We are committed to promoting sustainability in oral care and beyond, and to continuously reviewing and improving our approach.
